Expanding Investment Horizons and Advancing Technological Innovations

A word from the CEO

It is with great pleasure and immense gratitude that I welcome you all to our Seventh "Rendez-Vous" conference. This remarkable event has been made possible through your unwavering support and presence. Together, we are fostering priceless connections and facilitating the exchange of expertise, investment opportunities, and knowledge between major international players and the Lebanese community and investors. Our conference serves as an ideal platform to explore residency and citizenship programs, specifically through financial and real estate investments available in Lebanon and the Middle East. This gathering provides a unique opportunity to network with industry professionals and influential individuals in this field. In the previous 2019 edition, we achieved a record attendance of 2634 visitors. This year's event promises to showcase investment prospects in more than 25 countries across Europe, America, and Caribbean islands, encompassing Golden Visa programs, real estate ventures, and financial investments.

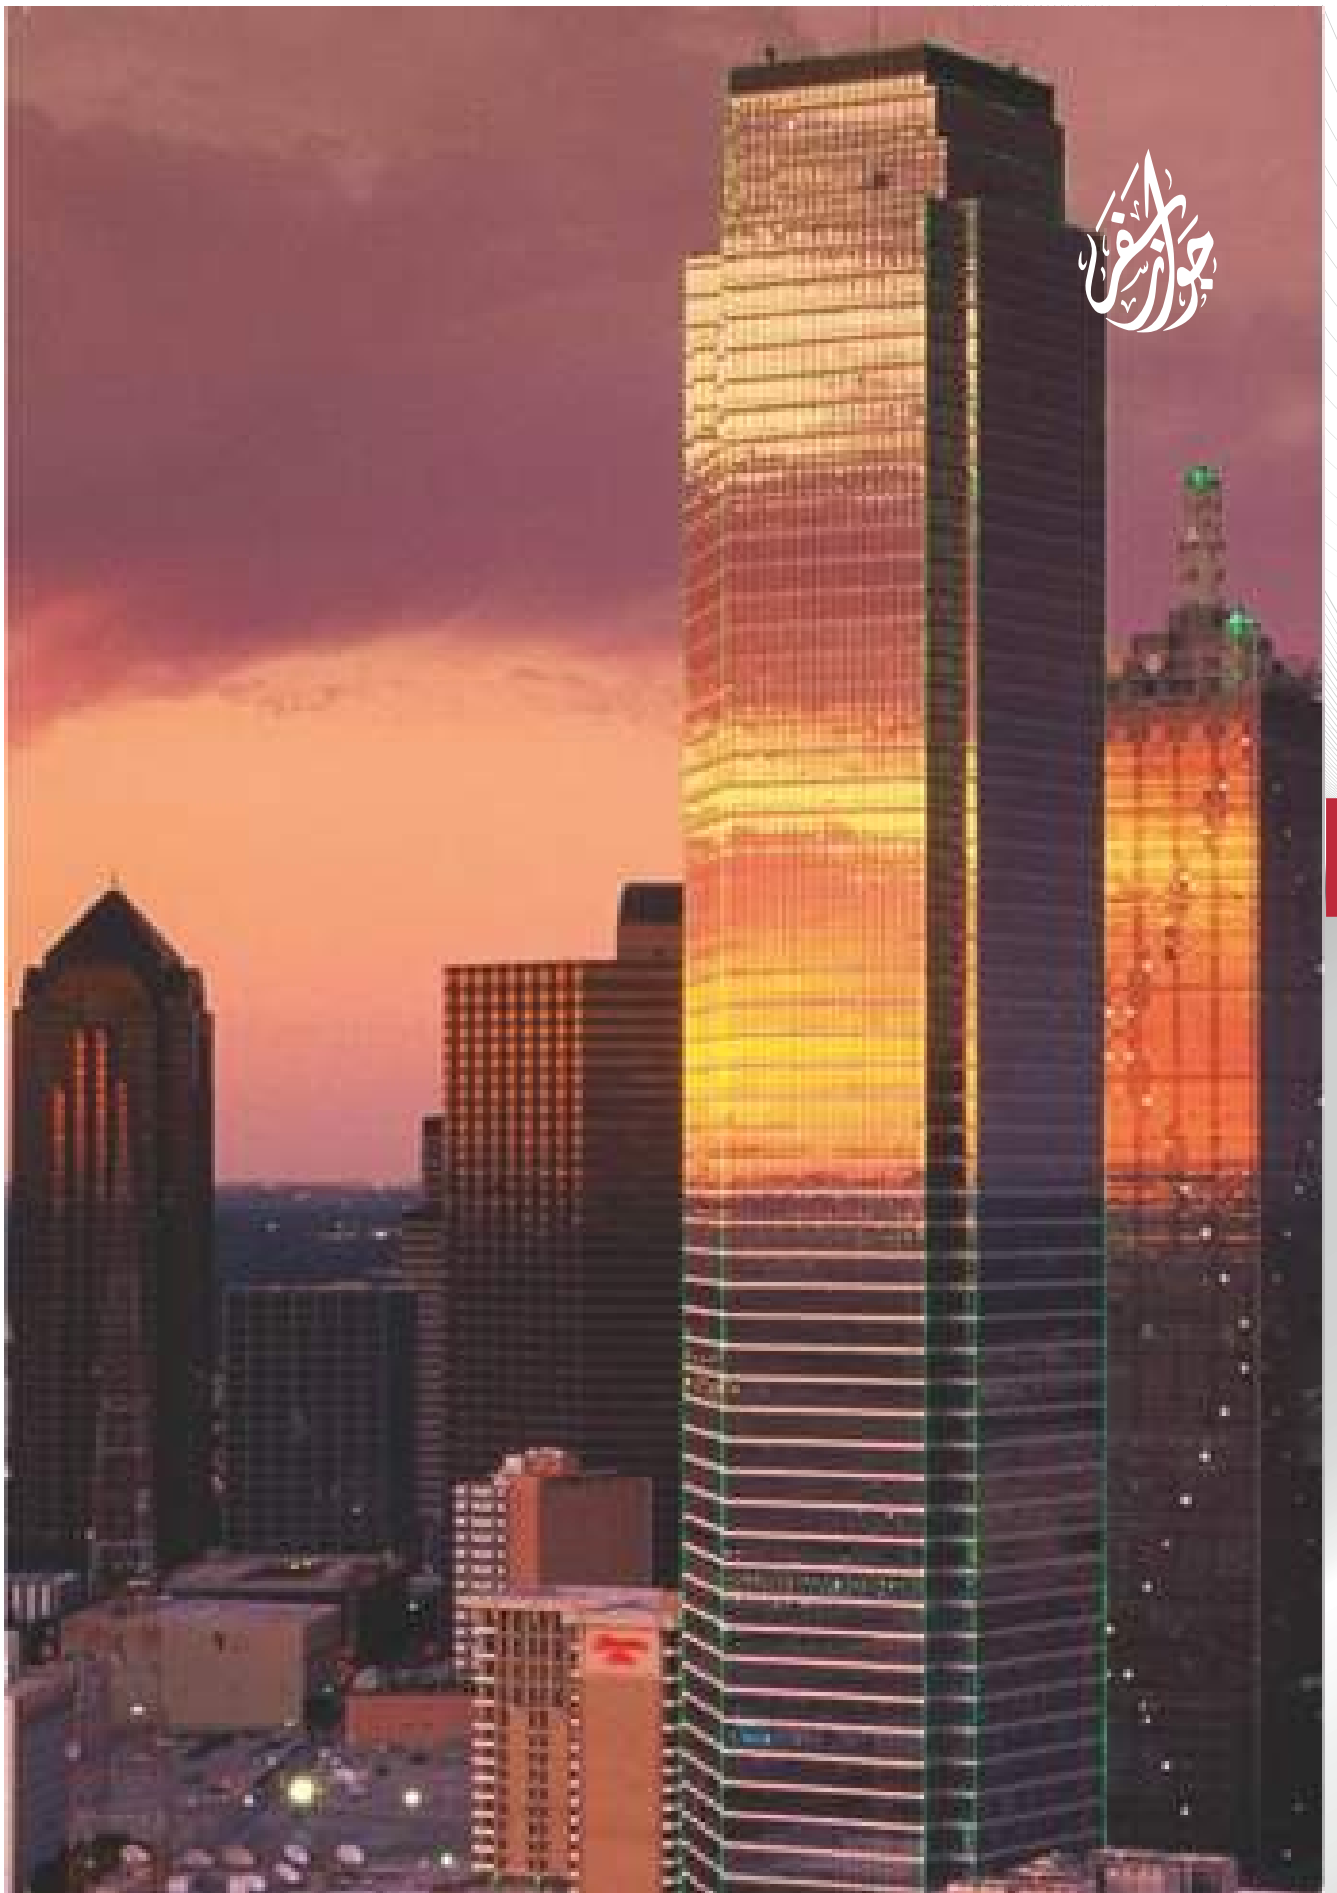

Parallel to the conference, we are thrilled to host the Global Citizenship by Investment panel discussions and workshops. It reflects our commitment to engaging with advanced and innovative topics in response to the growing demand for such projects within our local and regional community. Within the vibrant space of the solar exhibition, attendees will have the opportunity to explore cutting-edge technologies and solutions that harness the power of the sun. From innovative solar panels and energy-efficient systems to breakthroughs in battery storage and smart grid management, this exhibition is a testament to human ingenuity and our collective commitment to combatting climate change.

I extend my heartfelt gratitude to our strategic sponsors and partners for their continuous support. Their unwavering commitment has been instrumental in the success of this event. I would also like to acknowledge the incredible team at Promoteam for their exceptional efforts in organizing and executing this conference. Furthermore, a special thanks goes to our esteemed host, the Hilton Beirut Habtoor, for providing us with a remarkable venue.

As we embark on this exciting journey, I wish all our exhibitors and visitors a prosperous and fruitful expo and conference.

Warm regards,
Elias Khoury CEO, PromoTeam

Trust is the door to an opportunity, and successful results are the key to long-term relationships.

Being in the business of client relationships, I know that trust is the all-important factor when it comes to making a personal recommendation. And it's because I am so careful with giving recommendations that I prize every single one I receive.

It makes me very proud to tell my clients that 90% of PassPro's business comes from referrals. Direct recommendations from former clients and the trusted network of associates we work with are the best reward for a job well done.

I give you my word that I will treat every relationship you entrust to my company with the utmost care. My goal is always to ensure that when you refer a client to PassPro, you will get a glowing review after we have completed the citizenship application process.

I look forward to working with you.
